THE SUNDAY SCHOOL

Second Days Session of Training Institute at Wrightsville Beach Yesterday

PROGRAMME FOR TO-DAY

Teacher and the Superintendent Topics for Discussion Yesterday By Dr. and Mrs. Hamill—Primary Classes.

An increased attendance was noted upon the second day's sessions of the Training School for Sunday School Teachers, which opened at 9:30 yesterday in the auditorium of the Seashore Hotel with devotional exercises and an interesting talk by Dr. Hamill on the use of the blackboard in Sunday School work. A number of interesting suggestions were left with the teachers who enthusiastically took hold of the subject.

Dr. Hamill next discussed in entertaining style the superintendent of the school. Spiritual, executive and educational fitness was laid down as a prerequisite to the ideal superintendent. His hold upon his people should be tested by an annual election to retain or reject. Assistant superintendents should be in constant training for the two-fold purpose of being helpful to the superintendent himself and to take his place should occasion or an emergency require it. Officially the superintendent should be skillful in governing, patient in disciplining, persistent in securing good order and work; always vigilant and sympathetic with his co-workers. Personally he should be zealous and in love with his work; educationally, a student of the Bible and modern methods; capable of teaching or reviewing a lesson.

The duties of the ideal superintendent were classified under three heads: To the school, to equip it to run it on time, to get new pupils and hold the old ones, to have order and system; to the Home, to visit pupils in sickness or in sorrow, to counsel with them, to give proper social attention to the poor, to seek co-operation in home lesson study; to the church, to honor pastor and church before the school, to urge attendance upon all Divine services, to inculcate love for the church and to prepare pupils for membership in the church. Dr. Hamill's address was enjoyed by all who heard him.

Mrs. Hamill discussed with rare ability the primary teacher. The primary classes she thought were too often entrusted to the care of indifferent and inexperienced teachers through an underestimate of the importance of primary training. The smaller children to be interested and taught require the best talent available. Teachers should be chosen with reference to their peculiar adaptability to lead the little children into the ways of truth. A kind, loving teacher was described as the proper one for the little folks. The equipment of a primary department in all schools, separate and distinct, provided with blackboards, books and papers, was regarded as very essential to success.

Dr. Hamill followed Mrs. Hamill with an interesting talk giving some of the qualifications for the successful teacher. Diligent study of the lessons and lesson helps from one Sunday to another was strongly urged.

Dr. Pell, the gifted author and preacher of Richmond, followed Dr. Hamill and spoke with great interest and power.

In the afternoon yesterday a conference of half an hour was held at 6 o'clock. Dr. Hamill spoke with interest upon the most approved modern methods in Sunday School work.

To-day the programme is classified as follows: "Lesson of July 9th" by Mrs. Hamill; "Organization and Grading" by Dr. Hamill; "The Primary Lesson" by Mrs. Hamill; "The Teacher Managing" by Dr. Hamill; "Primary Helps and Hindrances" by Mrs. Hamill.

Bad Negro, This One.

Tom Ellington, the negro believed to have been a leader of the mutiny of prisoners upon the occasion of their escape from the county jail two weeks ago, was araigned before Justice Furlong yesterday on the charge of false pretence. Ellington had not been given preliminary trial when he escaped two weeks ago. He is charged with having secured a quantity of goods from Mr. Wm. Sheehan on a bill of sale for hogs which he did not own. Ellington was held by Justice Furlong yesterday in default of $50 bond for his apeparance at Monday week's term of Superior Court. At the same term he will also answer the charge of jail breaking. The prisoners claim that it was Ellington who made the assault upon Jailer Ed. Capps when the escape of the twelve was made.

At the Tarrymoore.

Besides a large number of guests from the city, who have found the place a delightful retreat, the following were registered at the Tarrymoore Hotel yesterday: Mr. and Mrs. J. H. Weddington, of Charlotte; Mr. D. W. McNaughton, of Boardman; Mrs. Leon Potts and child, of Charlotte; Mr. and Mrs. C. M. Gregg, of Marion, S. C., and Mr. B. Wallace Jones, of Lake City, S. C. The regular week-end dance will be given at the hotel to-night and the young people of the beach and city are cordially invited.

SCHOOLS OF WILMINGTON

Attorney General Gilmer Renders Tentative Opinion Upon Election of Committeemen.

(Special Star Telegram.)

Raleigh, N. C., June 16.—Attorney-General Gilmer renders a tentative opinion on the question of the right of the New Hanover Board of Education to elect school committeemen for the Wilmington public schools, holding that the County Board has that right, although heretofore the Wilmington board have been self-perpetuating. The rule on the question was asked by Wilmington Committee No. 2, composed of Samuel Northrop, C. W. Worth and James Sprunt.

The gist of the opinion follows: "I don't understand it is claimed that the schools are operated under a special law or charter and are supported by a special tax, but that the exemption is claimed under another provision of Section 47, Chapter 199, Laws of 1889, a part of the general revision of the public school laws as contained in Chapter 15 of the Code. This section make no provision for the appointment of school committeemen, but leaves the matter in the hands of the County Board of Education as provided by Section 2,553, of the Code, which was in force at the time of the passage of Chapter 199, Public Laws of 1889, except the time for the election of committeemen was changed. I take it, therefore, that the present committeemen were originally appointed by the County Board of Education. I see nothing in Section 47, Chapter 119, Laws of 1889, or in Section 73, which can be construed to take from the County Board of Education the power to appoint committeemen for these schools. The effect of the latter section seems to permit continuance of joint schools in two or more contiguous districts in any city or town.

I am, therefore, of the opinion that these committeemen, having been appointed by the County Board of Education, are subject to the jurisdiction of that body. Any other construction would tend to establish a term of office of indefinite duration, a result not contemplated by the Legislature.

Gattis-Kilgo Suit.

A non-suit is ordered in the case of Gattis vs. Kilgo, an order to this effect having been made this afternoon after hearing exhaustive argument by ex-Governor Aycock for and Col. T. M. Argo against the motion, which was lodged yesterday at the conclusion of the evidence for the plaintiff, on the ground that the plaintiff had not made out a case of malice in the publications complained of: In announcing the ruling Judge Moore simply stated that as averse as he might be to take a case from the jury, he was satisfied that under the ruling of the Supreme Court in the last appeal and in the light of the evidence introduced by the plaintiff at this trial, there was no ground upon which the case could stand for a continuance of the trial. Plaintiff will appeal to the Supreme Court. Judge Moore this afternoon issued a rule against J. Rowan Rogers, ex-sheriff of Wake, and J. P. Sorrell, a prominent farmer of Cedar Fork township, for them show cause why they should not be held in contempt of court for approaching R. M. King and S. P. Mareon, drawn as jurors in the Gattis-Kilgo case, and suggesting to them that the defendants in the case would look to their interests.

Hearing of the case will come up tomorrow morning.

(By Associated Press.)

Raleigh, N. C., June 16.—The celebrated case in which Rev. T. J. Gattis, of the Methodist conference, is suing Rev. J. C. Kilgo, president of Trinity college and B. N. Duke, of the American Tobacco Company for $100,000 damages for malicious libel was ended by a non-suit to-day in the State court, the judge ruling that there was no evidence to go to the jury. An appeal has been taken.

ECHOES FROM GRAND LODGE.

Wilmington Pythians Returned From Charlotte Meeting.

Retiring Grand Chancellor Robertson, Supreme Master of Exchequer T. D. Meares and the remainder of the Wilmington delegation to the Grand Lodge of Pythians returned home yesterday, delighted with the Charlotte meeting and the hospitable manner in which the Queen City entertained the visitors.

The Charlotte Observer of yesterday says the feature of Thursday morning's sessions was the presentation to retiring Grand Chancellor Robertson, of Wilmington, of a handsome gold watch and chain. This gift was presented by Mr. W. C. Feimster, of Newton, in behalf of the Grand Lodge. His presentation speech was a simple and eloquent one and the response by Mr. Robertson was bright and appropriate. Mr. Robertson spoke feelingly of the pleasure that he had taken in his past year's work, of the high regard that he had for every member of the lodge and of his sincere thanks for the handsome token with which he had been honored.

Mr. Whitehead Kluttz, a prominent young attorney of Salisbury, presented to Past Grand Chancellor Robertson, the jewel that is always given by the Grand Lodge to retiring grand chancellors.

A beautiful gavel, the gift of retiring Grand Chancellor Robertson, was presented to Asheville Lodge, No. 106, for the largest class of initiates on the "Pythian Big Night" that was held in the Winter. Mr. Robertson offered this gavel and the Asheville Lodge won it, having added 56 new members on the occasion specified. Mr. J. W. C. Deake received the gavel on behalf of the Asheville Lodge, of which he was a representative.

Slipped on Banana Peel.

YOUNG LADY AND BURGLAR.

How a Vigilant Watched and Cooped the Wrong Person.

Fifth and Grace streets was all excitement about 10 o'clock Thursday night. Members of a household, not far from the corner had closed the residence and gone to the "Pinafore" production on the beach. A young lady, next door, who eschewed the pleasures of opera on the seashore, accepted the charge of watching the house until the family's return, being admonished that everybody was going to the beach and that a spark of light in the house would be prima facie evidence of burglars. Now all would have been serene and the young lady would have returned the keys upon the family's return with a consciousness of duty well performed, but for a young gentleman of the household, who knew nothing of the protectorate established over the dwelling and at the last moment decided, too, that opera on the beach, in an open pavilion, also had no charms for him. Unmindful of the anxiety he was about to cause he boldly walked in the house, lit the gas and went up-stairs to his room. No sooner had the light appeared than the vigilant young woman was on her mettle and rang the 'phone in the house over which she was exercising the care. The young man at first paid no heed to the jingle of the bell, knowing that the family was away, but the other end of the line, her suspicions now almost confirmed, would not be ignored and "central" was implored to keep up the ringing. Finally a capricious young man from up-stairs came down and jokingly answered in reply to a question "Who is there?" that it was the butler!

The young lady was then confident that the butler had returned to pilfer and purloin knowing that the family was away. She hurried to a neighbor and then to another and the police station was 'phoned to send up officers quick. A sergeant and two officers appeared out of breath and the lady bravely led the charge on the house. At the gate they met a debonair young gentleman, who had just enjoyed a refreshing shave and was going out for the evening. The neighbors laughed, he was surprised, the young lady was mortified and the blue coats were chagrinned. The names are witheld at the solicitation of all concerned.

Mrs. A. M. Foley Dead.

Friends in this city and in Southport will hear with sincere sorrow of the death of Mrs. A. M. Foley, of the latter place, which occurred Thursday night in Johns Hopkins Hospital, Baltimore, where she underwent an operation. The remains will be taken to Southport on the steamer Wilmington to-day and interred in the cemetery there. Mrs. Foley leaves two daughters, Mrs. Peeples and Mrs. H. W. Hood, of Southport, and two sisters, Miss Kate Stuart and Mrs. Calvin Barnes, also of Southport. They have the deepest sympathy of many friends in their bereavement.

Smashed With Beer Bottle.

Last night about 9 o'clock, on the board walk between the two hotels on the beach, Wm. Moseley, colored, was smashed over the head by "Pat" Chesnut, alias Murphy, the first named receiving an ugly scalp wound, just over the left eye. Moseley's assailant made good his escape and Moseley himself was brought up to the hospital for repairs. The wound was found to be nothing serious and the negro was sent to his home on Fifth street.

Mr. and Mrs. Sanders Bereaved.

Mr. and Mrs. S. W. Sanders have the sincerest sympathy of a host of friends in the death of their little daughter, Maude Yeargan, aged a little over two years, which occurred at the Summer home of the family on Wrightsville Sound last night, after an illness of several weeks with a complication of typhoid fever, whooping cough and measles. The funeral arrangements will be announced later.

FOR ONE YEAR $4.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

Saturday Morning, June 17.

GERMANY TO FORTIFY In China.

Recently the Star's Associated Press dispatches announced that France would spend millions in fortifying her concessions in China. That announcement was made after Japan had become so incensed at France for allowing Rojestvensky's fleet to violate neutrality by taking on supplies and freely enjoying the hospitality of French China ports.

Now the cablegrams from Berlin tell us that an imperial order to fortify Kiaochu Bay (the German concession in the Southern part of the Shantung Peninsula) has been issued. The work will be done under the supervision of the Governor of the Protectorate, Rear-Admiral Truppel, and five engineers and fortification officers detailed for this purpose. The extent of the fortifications and the amount to be spent on them are facts which have not been disclosed, but it is probable that the work now contemplated is only the beginning of an extensive plan.

The expense of this work will be provided for this year out of the Kiaochou Budget, but the fortifying of the bay will doubtless be carried forward after this from successive appropriations to be asked of the Reichstag. As Kiaochou is Germany's only station in Far Eastern waters the Navy Department has desired since its acquisition to make it a secure base for German war vessels. The fortifying of Kiaochou at this time, it is said, need not be construed as preparing for its defense against any particular power, but only as a proper precautionary measure too long neglected.

The Berlin advices announcing that extensive fortications are to be erected in Kiaochou Bay have aroused considerable speculation in Wahsington as to Germany's intentions. The German ambassador, Baron von Sternberg explains that Kiaochou harbor, which is Germany's naval base in the Far East, by concession from China, are in accordance with Germany's agreement with China when he granted the concession. It matters not what Germany's real intensions are, she may have it in her head that Japan has put Russia out of the concession business in China and it may be her turn next. It appears to be a stich in time that Germany is taking.

Our own Navy Department is much interested in Germany's fortification plans in her Chinese territory, and it serves to attract unusual attention to the unfortified condition of the Phillipines, a situation to which Admiral Dewey has frequently called attention. The hope is expressed by our naval authorities that Germany's action will result in action by Congress to meet the needs of defense in the Philippines.

Thus the civilized powers go on spending millions for war purposes, and it seems that they are really afraid of each other. We guess they are.

COL. WADDELL IN SOUTH CAROLINA.

The Hon. A. M. Waddell, mayor of Wilmington, delivered the annual address to the graduating class of Newberry College, Newberry, S. C., last Monday evening.

When Mayor Waddell accepted the invitation to deliver that address, he was under the impression that he was to speak to young men only, but when he arose to speak he found that the graduating class was composed of both sexes. His address had been prepared for young men, as a matter of course, but Wilmington's distinguished and eloquent mayor never gets left. With the remarkable versatility peculiar to Col. Waddell, with his extensive acquisitions, with his large storehouse of information, and with his readiness of tongue, he addressed himself first to the young ladies. What he said was in his finished style, and it was of a practical, timely nature such as young women could draw benefits from for life. He did not exactly speak to them of the evil of divorce, but he made use of the divorce evil to speak to them of home life and wifehood and motherhood. We cannot extensively allude to his excellent remarks to the young ladies but we can say that he certainly gave them something to think about for their future happiness and the good of the country.

To the young men, Col. Waddell spoke of the ante-bellum history and civilization of the South. That history and civilization needs no defense and Col. Waddell set up none, but in a masterful manner he dispelled errors and exposed ignorance concerning it. Speaking of this history and civilization of the South, he emphasized the strong character of the Southern people as a product of that civilization, and pointed to the fact that after four years of civil war and many years of horrible reconstruction, it was that character of the Southern people which saved them. It was that character which enabled them to recuperate, rebuild the South and restore their State governments, and he appealed to the young men to study Southern history and to get better acquainted with it and the civilization which made the South what it was and really what it is today.

Col. Waddell made a speech which we wish were in every young Southerner's hands.

CURRENT COMMENT.

—Chicago is preparing to buy back her street railway franchises. She will have to pay the corporation a big sum for what her councilmen originally sold for a little boodle.—Washington Post.

—A Mormon shrine is to mark the birthplace of Joseph Smith at Sharon, Vt. Some of the present Joseph Smith's testimony before the Senate committee ought to be put in the cornerstone just to show how times have changed.—Washington Post.

—The Boycott is on. The Chinese are awakening to the fact that the United States does not care for their company, but does insist that Americans should be received and protected in China; that it wants their money while denying to them privileges of residence granted to the peoples of every other country the world over. Our position is indefensible morally, and the Chinese know it.—New York Evening Post.

—Dr. Ralph Hamilton Curtiss, lately Carnegie assistant at Lick Observatory, has been chosen Assistant Professor of Astronomy of the University of Western Pennsylvania. Dr. Curtiss, though only 24 years old, recently took his doctor's degree at the University of California, where he received his astronomical training, supplemented by graduate work here and at Lick Observatory.—Philadelphia Telegraph.

—It looks as though it were going to be the business of the country against the "sand-lotters" of the Pacific coast in the final determination of the proper construction of the Chinese exclusion act. Whenever the Celestial empire begins to boycott American goods in "dead earnest," it hardly requires a divinely inspired prophet to declare that Uncle Sam will loosen up the severe restrictions he has been recently placing on the incoming of Chinamen.—Chattanooga Times.

—The cause of the headway which the movement for public ownership appears to be making in this country—not only municipal ownership of what are called public utilities, but Government ownership of railroads and telegraph and telephone lines—does not lie in a general belief that business of this kind can be more efficiently and economically conducted by Government agencies, dominated by political influences, than by private enterprise under the incentive of personal gain, but in a feeling of resentment and a sense of outrage at the corporate abuses that have developed in the use of chartered privileges. — New York Journal of Commerce.

—"I though you said last night that her complexion was ruined?" "So I did." "But there she is looking as beautiful as ever." "I referred to her last night's complexion."—Houston Post.

—"Senator, do you think the new member of the committee is honest?" "Honest!" exclaimed Senator Badger; "I should think he is. He would no more accept money from a person he didn't know than anything in the world."—Wilwaukee Sentinel.

—Judge (impatiently interrupting a lawyer's carefully selected citations)—Can't you take it for granted that I understand an ordinary point of law? Lawyer (coolly)—Your honor, that's the mistake I made in the lower court, where I lost my case.—Sunshine.

—"Russia's nearly bankrupt now and that means peace. No war can be carried on without money." "Oh, I don't know! The American people fought for years and achieved their independence after they had given up their last sovereign."—Syracuse Telegram.

—Chicago Maiden — I actually started downtown yesterday without my overskirt. Never noticed the omission until I got in the car. Oh, I was so mortified. Boston Damsel—I know just how you felt, dear. I once went out and forgot to put on my glasses—Philadelphia Press.

COTTON MARKETS.

New York, June 16.—The cotton market continued active showing nervousness and irregularity with final prices at about the lowest point of the session. The opening was steady at a net decline of 3 points to an advance of 4 points, the decline being due to realizing while there was also a good demand for fresh long account and shorts. At first continued bull support was a factor and the market advanced slightly, showing at one time a net gain of 3 to 6 points on the active months, following which there was more general selling, provoked apparently by a circular from the leading Wall street operator claiming as his reasons for his change of front announced yesterday, the expectation of a small crop. There was pretty good support on a scale down, but the market while more or less irregular during the afternoon, with traders for both timid and inclined to undo their commitments on every few points movement, the price was within a point or two of the lowest at a net decline of 4 to 10 points. Sales were estimated half a million bales. Weather reports were considered fairly favorable owing to further beneficial rains but private crop news continued of a bullish average and reports indicated very fair Southern spot markets.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY, Special Agent.

Huge Task.

It was a hugh task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach, Guaranteed by R. R. Bellamy, druggist; price 50c. **

Dying of Famine

Is, in its torments, like dying of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at R. R. Bellamy's drug store, price 50c. and $1.00 a bottle. Trial bottle free. **

HIGH GRADE CIGARS

are found oftener in advertisements than in show cases—you'll find the La Morna high grade in both particulars. It's easy to say this; but it's easier to prove by simply smoking one of the size, shape and color you prefer. Puffing one will pull for a box order, and buying that way will save you money. 5 cents gets you one; $2.00 a box of 50. So many critical smokers endorse the La Morna that you should join the procession.

SPIRITS TURPENTINE.

—The new Commercial Bank of Hendersonville began business at Hendersonville yesterday.

—Concord Presbyterians will celebrate next Sunday the 100th anniversary of the establishment of the First Presbyterian church of that city.

—Durham Herald: We thought that Marion Butler would find it impossible to fool anybody in this State again, but it appears that we were mistaken.

—On Thursday the town of Sanford sold an issue of $10,000 forty-year 5 per cent., graded school building bonds at $10,400 to Albert C. Case, of New York.

—The State Entomologist at Raleigh now has a collection of bugs native to North Carolina, which numbers 30,000 to 35,000, and is constantly growing.

—At Raleigh on Thursday the Caldwell county Farmers' Mutual Insurance Association was chartered. A charted was also issued for the Bank of Mantco, Dare county; capital $10,000; S. A. Griffin, one of the principal incorporators.

—Winston Republican—If two rival newspapers at Greensboro will disrupt a party, what can be said of the two Democratic newspapers in Charlotts and the two in Raleigh who are at war with each other? it looks like somebody else's party is getting in bad shape.

—Wilkesboro Chronicle: The "hair snake" is not confining itself to cabbage entirely. The other day Mr. D. J. McCann's daughter at Trap Hill was peeling an apple and came across a "hair snake" that was 8 1-2 inches long. It acted as if alive, twisting, working and coiling up itself.

—On Thursday while playing in the yard with a gun, Merriwether, the 10-year-old son of Mr. Hiram Foard, of Spray, was seriously, if not fatally, shot. He was alone and it is evident that the discharge was an accident. A special train was immediately procured and he was taken to Danville for treatment.

—Lightning struck a house at Upchurch's, near Raeford, one day last week, and killed three of the thirteen colored people who were in it at the time. After entering the house its first victim was a baby, then it skipped over three others and killed the mother, then passed two others and killed another child.

—Charlotte Chronicle: In connection with the reports about Mr. George W. Vanderbilt spending more money on his Buncombe and Transylvania estates (he owns nearly all the latter county) it is said that next Fall he will move his citizenship to North Carolina. We would like to have a hundred odd more like him.

—Wilkesboro Chronicle: Bill Mastin's boys were out on the Peden hill last Saturday and back on the cliff they discovered the ground hog, and by the help of their dogs, ended his existence. He was a big fat old fellow, and is supposed to be one who has been presiding over the weather business for the last few winters.

—North Wilkesboro Journal: H. W. Hamby tells us that Joseph Caloway, who lives on top of the Blue Ridge above Parsonville, just across the Ashe line, has 100 acres in corn and that 65 acres of it are in one field. Think of a field of 65 acres all in corn on top of the Blue Ridge! The rows are a mile and a half long. Mr. Caloway is one of the wealthiest men in Ashe county, and has made it by farming on a mountain farm. He has 85 head of cattle, seven horses and mules and other stock in proportion.

—Charlotte Observer, June 16: The price of cotton yesterday reached the high-water mark for this year. Sixty-three bales were received at the city cottton platform and some of it brought as much as 9 cents a pound. The greater part of the cotton sold yesterday came from the country and it is not unlikely that the sales to-day and to-morrow will be comparatively large on account of the increase in price. The receipts for the date of last year's corresponding with yesterday were two bales and the best price was 11.60 cents.

—Raleigh Post, June 16: An aged penniless man giving his name as John Ray and his age 90 years arrived here from Greensboro yesterday, he having come all the way from California in search of his son, who he though was living in Raleigh and doing well, and with whom he hoped to find a home during the few remaining years of his life. It seems that the old man arrived in Goldsboro penniless and without transportation for the remainder of his trip here, and the Mayor of Greensboro provided him with a ticket the rest of the way. On arriving here the old man appealed to the police to aid him in his search for Albert Ray, but no trace of him has been found. The only trace of the presence of such a man here is that there is a letter in the postoffice uncalled for addressed to Albert Ray. The police made diligent search for such a man yesterday, but he cannot be found. In the meantime tne aged father is a pitiful object of charity. He is being cared for in the police station for the present.

EVER WATCHFUL

A Yittle Care Will Save Many Wilmington Readers Future Trouble.

Watch the kidney secretions.

See that they have the amber hue of health;

The discharges not excessive or infrequent;

Contain no "brick-dust like" sediment.

Doan's Kidney Pills will do this for you.

They watch the kidneys and cure them when they're sick.

Wilmington testimony proves it.

P. C. LeMoyne, contractor, of 223 North Seventh street, says: "I did not know that the trouble with my back was caused by my kidneys not acting properly, although I noticed the secretions from those organs were dark and very irregular, sometimes free and at othe times scanty. I saw Doan's Kidney Pills advertised and went to Bellamy's drug store and got a box. I was surprised at the result, for I have not had backache since I used them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c. at R. R. Bellamy's drug store. **

Let Common Sense Decide

Do you honestly believe, that coffee sold loose (in bulk), exposed to dust, germs and insects, passing through many hands (some of them not over-clean), "blended," you don't know how or by whom, is fit for your use? Of course you don't. But

LION COFFEE

is another story. The green berries, selected by keen judges at the plantation, are skillfully roasted at our factories, where precautions you would not dream of are taken to secure perfect cleanliness, flavor, strength and uniformity.

From the time the coffee leaves the factory no hand touches it till it is opened in your kitchen.

This has made LION COFFEE the LEADER OF ALL PACKAGE COFFEES.

Millions of American Homes welcome LION COFFEE daily. There is no stronger proof of merit than continued and increasing popularity. "Quality survives all opposition."

SECRETARY SHAW SPEAKS TO BANKERS

We Must Learn to Meet Needs of Foreign Customers to Get Foreign Trade.

By Wire to The Morning Star.

Richmond, Va., June 16.—Hon. Leslie M. Shaw, Secretary of the Treasury, arrived here this afternoon and addressed the Virginia Bankers' Association at the annual banquet of that organization this evening.

He was given close attention throughout his remarks and what he said seemed deeply appreciated by the Southern men of finance. He devoted himself to the needs of our foreign trade. He said in part:

"If we expect to increase our exports of manufactured products, we must learn to conform to the requirements of the foreign trade. We will find it much easier to produce textiles, wearing apparel, tools and utensils such as are used, for instance, in South America, than to teach the people of South America to wear our style of shoes, our pattern of prints, and to use our make of plows.

"Thus far Americans have been persistent non-conformists. Because foreign countries come to us for raw cotton and food products we have assumed that they will come with equal eagerness for our manufactures. This they will never do. The countries which supply South America, South Africa, the islands of the sea and the Orient are the countries that study the wants as well as the needs of those to whom they sell.

"And now a lesson for you, my banker friends: The trade in South America and Mexico is largely on six months time and our people are frequently barred therefrom because they cannot get the necessary accommodations. So many of our banks eagerly accept speculative call loans at two or three per cent. interest secured by collateral and direct commercial loans on longer time and at a much higher rate of interests.

"I repeat that before this country shall become a great exporter of manufactured products our people must learn to conform to the demands of the foreign trade."

It is hoped by the bankers that Secretary Shaw will go with them on a trip they are to make to-morrow to Old Point.

A feature of the meeting of the bankers thus far is the fact that incidental allusions to President Roosevelt as a friend to the South have been enthusiastically applauded.

WARM WIRELETS.

Buying in the New York dry goods market is moderate, but prices are very firm. Buyers are endeavoring to secure deliveries which are impossible in the majority of instances.

The new law making race-track betting in Missouri illegal goes into effect to-day. At St. Louis Union Park will close, but racing at Delmar will continue. It is said, an eastern scheme will be adopted to bet on the races.

At yesterday's session of the Knights of Honor, in Atlanta, Atlantic City, N. J., second Tuesday in June, 1907, was chosen as the place and time for the next meeting. By a vote of 69 to 11 it was decided that women should be admitted to membership in the supreme lodge.

Official notice of the date of his execution for the murder of William Marsh Rice was served upon Albert T. Patrick, the lawyer, in his cell in Sing Sing prison, New York, yesterday. The date is August 7th. Patrick was busy writing and did not seem to be the least disturbed by the warden's announcement.

The postoffice at Fort Dade, United States artillery post, on Egmont Key, was robbed of $285 Thursday night, while the postmaster, Mrs. T. H. Morton, was in Tampa. When the steamer from the Key arrived at Tampa yesterday, deputies from the sheriff's office searched every person on board, including army officers, soldiers, civilians and women, but no trace of the money was found.

The President has approved the findings in two trials of Captain George W. Kirkham, of the Twenty-Fifth infantry, sentencing him to dismissal from the army and confinement in the penitentiary at Fort Leavenworth, Kansas, for three years. Kirman was connected with the sensational case resulting in the suicide of the wife of another army officer at Omaha, Neb.

Yesterday's New York stock report says: To-day's stock market dropped another notch towards the condition of absolute lifelessness. There was a low aggregate of sales as any full day in over four years. The comparative activity in the certificates of Japanese 4 1-2 per cent. bonds which have been in demand ever since the news of the battle of the Sea of Japan, proved an inviting field for the professional room traders, bereft of any other opportunity of effecting a sufficient price movement to yield a profit on the day's turn.

FOUL DEAL IS EXPECTED.

Equitable Policyholders Warned to Watch for Cloven Foot.

By Wire to the Morning Star.

New York, June 16.—The committee of Equitable policyholders of which John D. Crimmins is chairman, today adopted a resolution declaring it to be the opinion of that committee that "The voting trust will assure an honest administration of the society's affairs, in the interest of the policyholders and in view of the delay in the consummation of mutualization, the present plan is entitled to the support of the policyholders of the society."

Alexander S. Bacon, counsel for Roland W. Dufort and other policyholders today made an attack on the recent transfer of the majority of the Equitable company's stock by James H. Hyde to Thomas F. Ryan. "I am not sure how far there had been any bona fide sale of the Hyde stock," said Mr. Bacon. "I believe that the policyholders will shortly find that they have been their own from the fry-pan into the fire. If this is really a sale dummy trustees would be obliged to vote for dummy directors. The 28 directors to represent the policyholders will be really selected by the management on their agents."

HIGHER COTTON RESPONSIBLE.

Manufacturers Firm on Prices of Print Cloths.

By Wire to the Morning Star.

Fall River, Mass., June 16.—The sales in the print cloth market for the week are estimated at 225,000 pieces. A much firmer tone has prevailed in the cloth market during the week. Buyers are active bidders at present prices, but manufacturers continue to be slow sellers. The cause of the firmness on the part of the sellers is the high prices asked for the raw material and also the strong belief that spot market cotton may be up in the near future.

RUSSIAN ARMY IS SURROUNDED

Unless Truce is Declared Quickly a Terrible Land Battle Will be Fought.

EFFORTS TO PREVENT IT

By Wire to The Morning Star.

London, June 17.—The practical certainty now that peace negotiations cannot begin for another month leads to the conviction that another great battle will be fought in the interval.

According to the Daily Telegraph's Tien Tsin correspondent a Japanese forward movement has already commenced in spite of the rain season.

The Daily Telegraph's Tokio correspondent gives an interesting idea of the situation from a correspondent, who, it is said to be in a good position to know the actual facts. This correspondent says that the principal Russian depot is at Gunshu Pass, where many light railroads are being constructed northward to facilitate retreat. Lieutenant General Linevitch bewildered by the strategy of the Japanese is making repeated reconnaissance and throwing out innumerable scouts. Nevertheless, at the present moment, the correspondent says all his army is completely enveloped. The Japanese army has made a circle a hundred miles in circumference around Linevitch and is gradually closing in.

The Japanese military correspondent of the Morning Post says the Russian evacuation of Omoso shows that General Kawamuras "Army of the Yalu," despite the difficulties met with over a mountainous country, has arrived in time to synchronize with the movement of the other Japanese armies, and the correspondent adds, "stirring events are imminent."

Plans for Armistice.

Washington, June 16.—Alone on the plains of Manchuria, midway between the two great armies, the Russian and Japanese commanders will meet to sign the armistice which will pave the way for the Washington conference if the present tentative programme is followed. Exchanges on this point are now in progress between Tokio and St. Petersburg, via Washington, but no final conclusion has been reached.

Prior to the signing of the armistice, however, will come the official announcement of the Russian and Japanese plenipotentiaries. Russia has indicated that her mission will be headed by M. Nelidoff, the Russian ambassador at Paris, and it is understood that the Emperor has requested Marquis Ito to head the Japanese mission.

With Marquis Ito, it is believed, will come one of the other great statesmen of Japan, who has had wide diplomatic experience, and Mr. Takahira, it is suggested here, may be named as the third plenipotentiary.

Should Mr. Takahira be placed on the mission the chances are M. Nelidoff will be accompanied by a second plenipotentiary from Russia, and would be joined in Washington by Baron Rosen, the new Russian ambassador.

Japans Agreement to Negotiate.

Washington, June 16.—The following is the text of the Japanese treaty on the subject of negotiations for peace:

"The Imperial government have given to the suggestions of the President of the United States, embodied in the note handed to the Minister for Foreign Affairs by the United State Minister on the 9th instant, very serious consideration, to which, because of its source and its import, it is justly entitled. Desiring, in the interest of the world as well as in the interest of Japan the re-establishment of peace with Russia on terms and conditions that will fully guarantee its stability, the Imperial government will, in response to the suggestions of the President, appoint plenipotentiaries of Japan to meet the plenipotentiaries of Russia at such time and place as may be found to be mutually agreeable and convenient for the purpose of negotiating and concluding terms of peace directly and exclusively between the belligerent powers."

Russians Flank Japanese

St. Petersburg, June 16.—General Linevitch in a dispatch to Emperor Nicholas dated June 15th, reports that a Russian turning movement forced the Japanese to retire from Iulantizi, June 11th, after burning their supplies. Another Russian force June 12th, advanced from the valley of the Tzin river to the village of Van Loupgow, pushing back the Japanese advance posts. The same day the Russian cavalry occupying Nanshantchenzi, retired slightly northward.

Treading on Dangerous Grounds.

Saigon, Cochin-China, June 16.—The Russian auxiliary cruiser Kouban, formerly the Hamburg-American line steamer Augusta Victoria, has arrived off this port and asked to be supplied with coal sufficient to reach the nearest Russian port. The request is under consideration.

BRADSTREETS' REVIEW.

Activity Marked In Many Lines—Week's Failures 177.

By Wire to The Morning Star.

New York, June 16.—Bradstreets tomorrow will say:

Distributive trade and crop developments, while still of an irregular character hold, have perhaps added to the improvement manifested last week, for which warmer weather is responsible. Sales of Summer goods are more active and business for Fall delivery appears well from all sections save Texas where impaired wheat crop returns have a deterrent effect. Confidence in the future still continues. Export trade is good, railway earnings are large, buildings is active and steel mills engaged on the heavier forms of finished material will not close down this Summer. The labor situation though disturbed here and there, is on the whole, a pleasant one. Crop prospects in general continue favorable, although corn conditions are spotted and the plants is very much behind.

Firmness in cotton goods is a feature calling for note. Buyers are insistent for quick deliveries. Re-order business with jobbers has been fairly good, especially at the west. Southern trade centres report trade rather quiet as is unusual at this season.

Business failures in the United States for the week ending June 15, number 177 against 181 in the like week in 1904.

USED MAILS TO DEFRAUD.

J. B. Powell, Norfolk Man, Convicted in Raleigh Yesterday.

By Wire to the Morning Star.

Raleigh, N. C., June 16.—J. B. Powell, of Norfolk, was this afternoon found guilty in the Federal Court of using the United States mail for the purpose of defrauding. This is a celebrated case in which merchants all over the country were induced to ship goods on the rating of Jones & Powell, a well known firm here, whose name Powell used. He will be senteneed tomorrow.

PHILADELPHIA RASCALS IN SHADOW OF LAW

Startling Disclosures Are Threatened, And Many Prominent Men May Be Arrested.

By Wire to The Morning Star.

Philadelphia, June 16.—Additional arrests are expected as a result of the startling disclosures in the hearing of Select Councilman Frank H. Caven accused of having an interest in city contracts.

Persistent rumorse are in circulation to the effect that the men whose arrests are being considered, if they have not already been decided upon, are State Insurance Commissioner I. W. Durham; State Senator James P. McNichol, formerly director of public works, Peter E. Costello, John W. Hill, whose resignation as chief of the filtration bureau was accepted yesterday by Mayor Weaver, immediately after the revelations at the Caven hearing, and one or two men who were employed as inspectors on various portions of the filtration work.

Mr. Durham was questioned concerning the statements made on the stand yesterday by Daniel J. McNichol, and said: "I have never denied that I was interested in the McNichol contracting firm and thought that fact was generally recognized. I have heard the rumors that warrants are to be issued for me on a charge of conspiracy but know nothing of the matter beyond what I have seen in the papers and the reports that are in circulation."

Senator McNichol said: "Up to the present time the total amount of filtration contracts that have been awarded my firm aggregates $13,660,000. Every detail connected with those contracts is open to the fullest investigation."

Former Secretary of War Root, of counsel for Mayor Weaver, arrived here this afternoon from New York and went immediately to the city hall where he went into conference with the mayor and the advisory board of fourteen citizens.

It is understood that Mr. Root advised the mayor to take no further steps in the matter of prosecutions until he shall have had time to examine the evidence submitted at the hearing of Councilman Frank H. Caven, who was yesterday held in $2,500 bail for court on the charge of violating his councilmanic oath in being interested in city contracts.

Beyond the meeting of lawyers there were no developments to-day.

ANOTHER WAR CLOUD RISING.

Strained Relations Between Germany and France Over Morocco.

By Cable to The Morning Star.

Paris, June 16.—The strained relations between France and Germany over Morocco continue to give rise to serious apprehension, but while openly admitting that there are real difficulties involved, the officials protest against this being made the basis of exaggerated reports.

One report that Germany had submitted an ultimatum brought out a formal denial from the Foreign Office. At the same time the diplomatic strain between France and Germany is undeniably serious. The chief cause of this is the inability thus far of either party to propose a remedy acceptable to the other.

One of the chief causes of the present apprehension is the possibility of some collision on the line between the Franco-German frontier, which for years has been garrisoned by formidable military forces.

Premier Rouvier announced to-day that he had definitely decided to permanently retain the portfolio of foreign affairs and relinquish that of finance. His decision to remain in the ministry of foreign affairs was the result of the earnest request of President Loubert and his colleagues who desired his strong hand at the helm during the difficult negotiations with Germany over Morocco.

HORRIBLE TRIPPLE HANGING.

Rope Brake and Negro Thought It Saved His Neck.

By Cable to The Morning Star.

Decatur, Ala, June 16.—Harvey Smith, John Collier and Will Jackson, colored, were hanged in the jail yard here this afternoon. Troops were present as a precautionary measure, but there was no disorder. Twelve thousand people surrounded the jail during the execution. Smith and Collier murdered Miss Belle Bloodworth, a young woman of Decatur. Jackson killed a policeman who was trying to arrest him.

The three men were hanged together but when the drop fell the knot slipped off Smith's neck and he dropped to the ground crying out "Thank God, I am free; yes, I am free." He was picked up in a semi-conscious condition and hanged a second time, the rope drawing so tight that it cut deep into his flesh. Smith was practically unconscious when the drop fell the second time and had to be held up on the scaffold as the rope was adjusted.

Both Smith and Collier protested their innocence to the last while Jackson claimed he killed Officer Steel in self defense.

ROOSEVELT'S SOUTHERN TRIP.

Will Spend Nearly Whole Day at Booker Washington's School.

By Wire to The Morning Star.

Washington, June 16.—Booker Washington, president of Tuskegee Institute, at Tuskegee, Ala., called on the President to-day to talk with him about his visit to Tuskegee next October. The President expects to pass the greater part of October 23rd at Tuskegee and arrangements already are making for a demonstration by the students of the institute in his honor. The President will reveiew a procession and pay a visit to the institute and deliver an address. Professor Washington tonight delivered an address at the graduating exercises of the colored high school, the colored Normal school and the Armstrong Manuel Training school.

ARMY AND NAVY WAR PLAY.

Ships Engaged at Norfolk in Range Finding Practice.

By Wire to The Morning Star.

Fort Monroe, Va., June 16.—Long range firing between the fleet of Admiral Dickins and the fort began shortly after 11 o'clock to-day. The fleet was divided into two squadrons and approached the fort from Chesapeake bay and from the capes. The smaller craft did not participate. The engagement was in contrast to that of last night in that it contained nothing of noise or excitement. That one pounder fire of ships could not be heard and the primers of the mortar batteries made little noise. The benefit derived was in the range finding practice. From the naval standpoint the object of the "reconnoissance in force" is to locate the shore batteries by drawing their fire at long range.

The double turret monitor Terror withdrew from the war game this afternoon on account of damage. She proceeded to the Norfolk navy yard for repairs.

SOUTH'S VETERANS MARCH TO DIXIE

Closing Event of Confederate Reunion Was Great Parade Yesterday

WITNESSED BY THOUSANDS

General Joe Wheeler and President Davis' Grand-Son Headed Column—North Carolina Indian Veterans Attract Attention.

By Wire to The Morning Star.

Louisville, Ky., June 16.—Beneath the shot-riddled battleflag that floated over many a sodden field and to the thrilling strains of "Dixie"—that oft had cheered them on to victory or defeat, the Confederate veterans who wore the gray marched to-day in proud review before thousands of people gathered in Kentucky's chief city to do them honor.

There was not much in the way of formation and order in the line so far as the old boys were concerned, but they marched with sparkling eye to the old tunes and lead the same cheers that have stirred their blood annually since the reunions became a part of life in the South. Many of the captured battleflags, recently returned by the government were carried in to-day's parade, and were the objects of interest and veneration.

The temperature was near the 86 mark, and John Coke, of Lawrenceburk, Ky., J. B. Allen, of Virginia, and William Potter, aged 62, of Nashville, were overcome, and taken to hospitals.

The parade which formed at First and Main streets was in three grand divisions, comprising the Trans-Mississippi Department, the Department of the Army of Northern Virginia, and the Department of the Army of Tennessee. Colonel Bennett H. Young, commander of the Kentucky division, was chief marshal, and the following were in command of the three divisions.

General W. L. Cabell, Texas, the Trans-Mississippi Department; General C. Irvine Walker, South Carolina, the department of Northern Virginia; General Clement A. Evans, Department of the Army of the Tennessee.

At the head of the column, as special guests of the reunion, rode General Joe Wheeler in citizen's dress, and Jefferson Hayes Davis, grandson of President Davis, of the Confederacy. They were escorted by Wheeler's cavalry. Next came the commander-in-chief, General Stephen D. Lee, and staff. The distinguished leader was cheered at very turn. The commander's immediate escort was the Columbus Rifles from the General's home city, Columbus, Miss., and then followed carriages containing Miss Carrie Peyton Wheeler, sponsor for the South, and her maids of honor.

General C. Irvine Walker, of South Carolina, occupied his familiar place as head of the Department of the Army of Northern Virginia. The West Virginia division headed the Department with General S. S. Green in command. The R. E. Lee Camp, of Richmond, Va., had the place of honor in the Virginia Division. The marching of this camp was splendid, and the men were cheered heartily. Then came the Tom Smith Camp of Suffolk, Va., and Stonewall Jackson's old brigade with several tattered flags. These old men and their flags aroused the crowd to much enthusiasm. The William Watts Camp of Roanoke, brought up the rear of the Virginians.

Ohio was in line with one camp. Its headquarters is at Columbus, and it boasts four members.

Maryland had but a few members in line and they were just aheard of the South Carolinans. General Thomas W. Carwile headed the South Carolina division.

Following his command came the famous camp from Asheville, N. C., carrying their familiar hornet nests and several battleflags. There had been a misunderstanding and the men from the mountains fell in line ahead of their commander.

With the Asheville men were a camp of Cherokee Indians, who fought with the North Carolinians bringing up the rear of the Department under General Walker.

General Clement A. Evans, of Georgia, rode at the head of the Army of Tennessee. Then came General A. J. West, of the North Georgia brigade. Following as his escort was the drum corps of the Atlanta Fire Department headed by their chief, W. R. Joyner. The bright uniforms of the firemen and their splendid playing and marching evoked a continuous roar of cheers as the column moved on. After them came the Tige Anderson Camp of Atlanta, and then a small detachment of veterans marching under the colors of the forty-second Georgia, their color bearer holding proudly aloft a battleflag not much larger than a lady's handkerchief.

Laura Talbot Galt, of Louiville, the girl who refused to sing "Marching Through Georgia," with other pupils in her school, rode with the camp from Augusta, which has made her an honorary member. This camp had a large representation and carried seven battleflags. The Benning Camp of Columbus, Ga., which made a splendid appearance, brought up the rear of the Georgians.

Memphis, Nashville and Columbia camps made the Tennessee Division, headed by General George Gordon, one of the largest in the parade. General Gordon and the Southern Cross Drill Corps of Memphis, composed of a bevy of young women and riding in a tally-ho, were heartily cheered as were the Memphis Drum and Bugle Corps, the uniforms of the latter attracting much attention. The Nashville and Covington commands, with splendid representations, were in strong contrast to the Forges Bivouac, which had but six men in line. Forest's cavalry brought up the rear of the Tennesseeans.

General W. B. Ballentyne commanded the Florida division. The representation of the State was small.

The head of the parade reached the reviewing stand about half past one. General Lee and General Wheeler were given an ovation. General watched the parade seated on his horse and was overwhelmed by the veterans, thousands stopping to shake his hand.

An ovation, led by Mrs. Helen Longstreet, wife of General James Longstreet, was given General Simon Bolivar Buckner and Mrs. Buckner when their carriage passed.

The general expression among the veterans was that the parade was the largest in the history of the association. Owing to the fact that a great many veterans dropped out of line before the reviewing stand was reached, it is difficult to make an estimate of the number in line.

On the whole the old soldiers bore the strain and fatigue well. There were no accidents to the veterans worse than being overcome by the heat, and these were not serious.

The Strets and Wharves Committee, Alderman O'Brien, chairman, was in session last night and considered a number of important matters. Property owners have fulfilled their part of the contract to such an extent as to justify the forwarding of an order for the brick last night.

CHICAGO PACKERS INDICTED.

Counter Charges That Detectives Robbed Their Residences.

By Wire to The Morning Star.

Chicago, June 16.—Proposed indictments against officials of at least five packing firms were said to have been presented to the members of the Federal grand jury by District Attorney C. B. Morrison to-day for consideration. A report was current that the indictments had practically been voted by the jury.

From a dozen to forty indictments were today generally expected as a close to inquiries which have lasted since March, bringing in scores of witnesses and occupying the district attorney's office almost exclusively for three months. The charges are conspiracy, violation of the anti-trust laws, perjury, subordination of perjury and intimidation of witnesses. The accused make charges of their own, asserting that the homes of some of them have been practically robbed by secret service men in search of evidence, and alleging persecution of innocent persons. The latter refers to the cases where the wives of some of the packing firms employes who left the city were placed under bond.

There has also developed a serious conflict among the packers themselves. On resulting intimations of alleged treachery, the government officials are said to count on producing testimony not obtainable except by some one turning states evidence."
